

Dear Parents: In keeping with our philosophy of providing the best care possible, we would like to gather as much information as we can about you, your child and your family. It is important that we know about your child's routines and activities, eating habits, the significant people involved in their lives, family circumstances, their behavior and any medical conditions that your child may have. We offer all parents the opportunity to discuss these issues with the Director and teachers and ask questions through our "Getting to Know You Meeting." In addition, please complete the following questionnaire to help us better facilitate the discussion about your child. We would love to have any and all feedback about your child that can be offered.

Thank You Very Much!!!
